They trusted us

Catherine V. – Collège Saint Vincent

Urban Rally

"An amazing experience! We hired Coddy for our team-building event (300 people). It was easy and convenient. We got to discover Brussels in a whole new way. We highly recommend this experience."

Jonathan S. – École Notre-Dame des Champs

The Trophy of the Tribes

I was a little skeptical at first because I thought a city game guided by an app might not be as much fun. But in the end, it was great—we really had a blast! The whole group got into it very quickly.

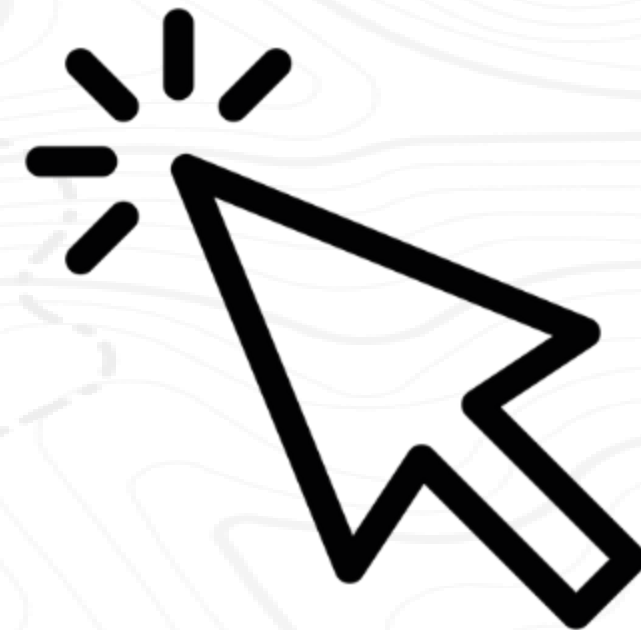

Raphaël B. – Ghent University

Project Arcadia

All the teams had a blast and had a great time. The game was awesome, and being able to watch the live leaderboard was a real bonus. The riddles were really well designed.
