What is Coddy?

These are city exploration games that let you play as a team while visiting the city in a whole new way!

Coddy is in fact a **mobile application**. You download it and it **guides you around the city**, helping you to answer all the **riddles**.

● A map to guide you

You'll be geolocated = we'll position you on a map in the application and help you navigate.

○ Riddles to solve

Look around the city for clues and solve the riddles as you discover its sights.

● Play in teams

Create different teams to compete against each other. Depending on the game you choose, take on a secret individual role within your team. And sometimes cooperate with the other teams.

What are the advantages of organising an urban Escape Game as a team building activity?

Why organise your team building with Coddy?

No additional equipment

The activity is only played with a smartphone (one or more per team).

Available in several languages

And each player can play in their own language!

Start whenever you like

Which is really handy when you need to manage large groups! And once purchased, the game is valid for 3 years!

Online support

Our staff will help you with any problems you may encounter during the activity via chat.

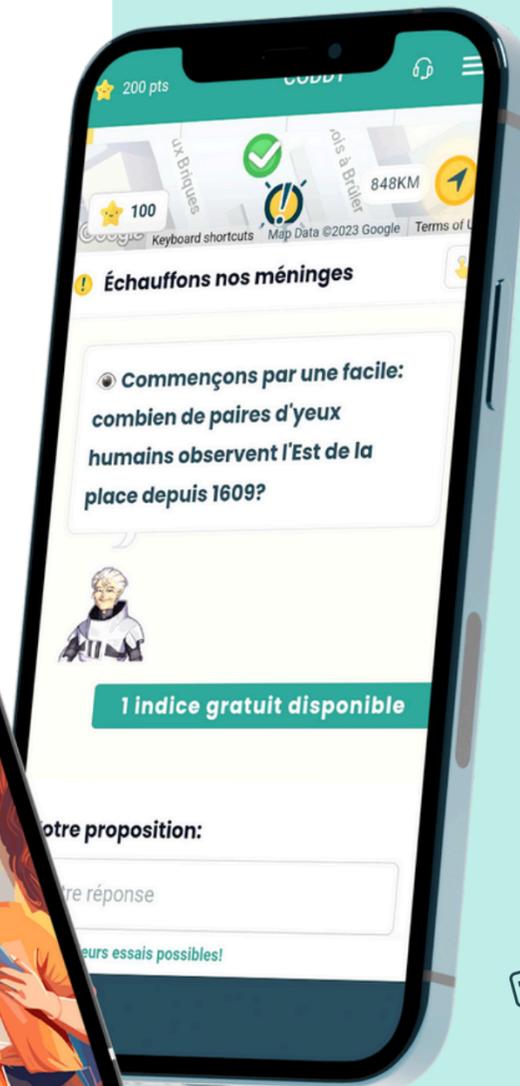

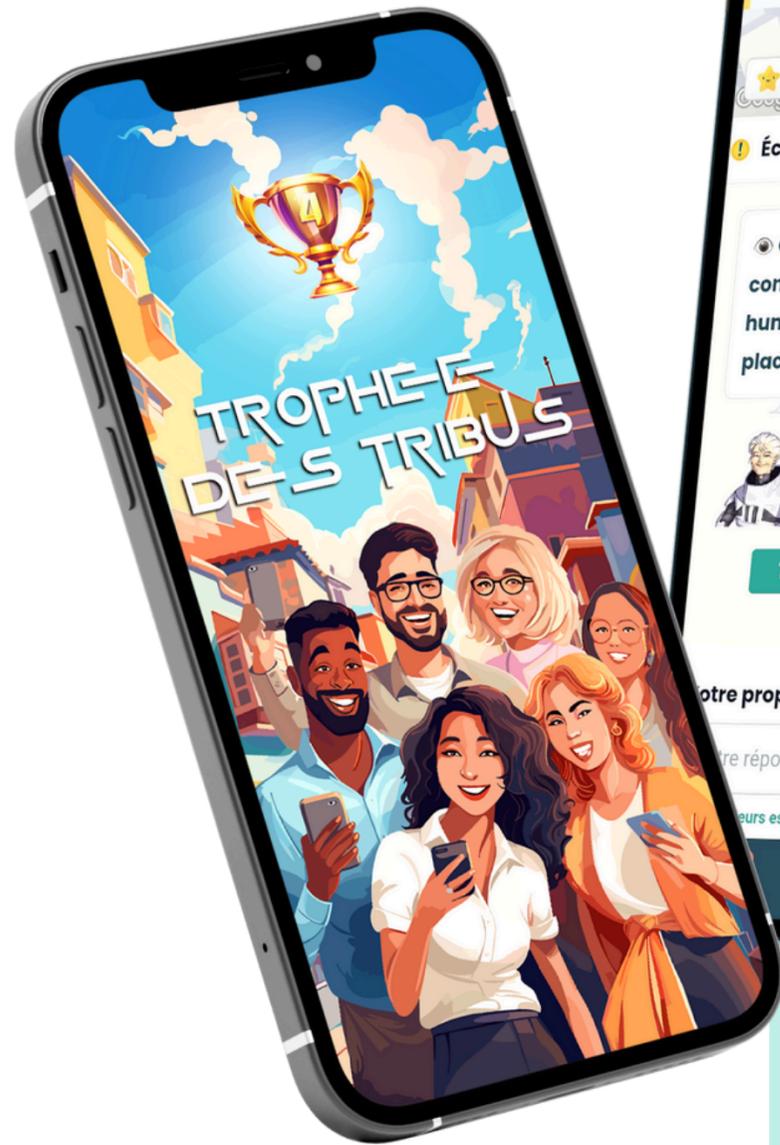

Customisation possible

A route tailored to your needs and/or personalised missions added with your logo, CEO name, etc.

Real-time leaderboard

Keep track of your teams' scores using the dedicated leaderboard to which you will have access. You can also track their position on the course.

Our special team building game

The Trophy of the Tribes

Take part in the battle of the millennium with your colleagues and try to lift the Trophy of the Tribes!

A competition between colleagues in the streets of the city for a unique team building experience. *The Tribes Trophy takes place every 1,000 years and is a unique event in which tribes from all walks of life compete against each other in a series of tests that assess the 4 virtues worthy of lifting the trophy: logic, patience, intelligence and wisdom.*

-  Discover the missions on the map
-  Solve riddles and take on challenges
-  **TOP SECRET** Take on an individual secret role
-  Teams work together on certain stages
-  Other stages are more competitive
-  Anecdotes and/or information are available at each location visited

The perfect team building activity

- ✓ **Breaking the ice**
Get to know each other as you play and create memories together.
- ✓ **Group challenges**
Get out of your comfort zone and relieve work-related stress with some fun group challenges!
- ✓ **Competitive AND cooperative**
Let yourself be carried along by the game, and cohesion will be the best strategy!
- ✓ **2h30 of play time**
Time is limited to help you plan your day.
- ✓ **Optimised for large groups**
The teams set off in different directions, then gather at the final venue to announce the rankings.

Nos autres jeux

The Alchemist

Explore the city and its medieval past to unravel the truth about witchcraft

The Secrets Of...

Challenge yourself with riddles in the city centre to see the city like you've never seen it before!

- Valenciennes

They trusted us

Jonathan Schockaert – Ring Twice

July 2023 – The Trophy of the Tribes

"We had a blast. All in all, we had a great time. I had a little apprehension because we'd already done the one with the backpacks and I thought it was great fun and that the full digital might not be as much fun. But we had just as much fun, really. The whole group got into it very quickly."

Flemish Government

June 2023 – The Alchemist Brussels

"Everything went really well! The colleagues were enthusiastic. In the meantime, I've already advertised the concept to other people. Thank you for the faultless organisation!"

Catherine Vieslet – Head of Business Services – Odoo

May 2022 – Surprising Brussels

"A brilliant experience! We called on Cuddy for our team building (300 people). It was easy and practical. We discovered Brussels in a new way. We highly recommend this application."

Raphaël Bertrand – Chief Financial Office – Revatech

July 2022 – Zombie Invasion Liège

All the teams had a great time, especially as the weather was perfect. The game was great and the fact that you could follow the leaderboard online was a real bonus. The riddles were really good.
